To Whom It May Concern:

As a representative of Commerce Corporation, my experience with *Comdoc* has been a very pleasant one. We received a very efficient copier from *Comdoc* and have been provided all of the necessary training and support. The few times that we have needed service, a repair person was at our facility and had the problem resolved within four hours of the initial contact.

I feel confident in recommending *Comdoc* to any company considering them as a provider of copier and printer services.

Sincerely,

Carrie Dressman
