January 5, 2008

To whom it may concern:

I would like to take this opportunity to commend ComDoc Inc. for very efficient service to our high school. Initially, when I was told that we were getting new copiers and they were not our present name brand; I must admit that I was skeptical. The installation ran very smooth. The tech person who came to train us on the machine was very knowledgeable in every area. The service is excellent and I highly recommend them.

Sincerely,

Sharon Bennett  
Secretary
