To whom it may concern:

Prudential Preferred Realty, Hampton Office has been a customer of Comdoc for over 10 years. I have dealt with repair men, customer service, supply ordering and service call operators. I have found them to all be efficient, courteous and reliable. The repair men always return my call & give an approximate time when they will arrive. The customer service people have always been most helpful when ordering supplies for the copiers & faxes. If a part is needed, the repair man always provides a quote with cost and other options. This company can make a difficult day bearable.

Sincerely,

LouAnn Szelong
